

COMMENTS TO AUTHOR: Excellent article, engaging and interesting. I concur with reviewer comments about the point of view - this makes the piece especially powerful. Please consider amending the title as reviewer 1 suggests. I did not agree with reviewer 2 that the "waking up" language is more tell than show, I thought just the opposite. But if there is any way to make it more gripping, please at least think about this comment. Further, I did not agree with reviewer 2 that the writing in the conclusion is somewhat bland; but again, please look at the last 2 sentences to see if there is any way to pack more punch. Finally, the point about the Deaf community is well-taken; please consider adapting the language suggested by reviewer 2. A wonderful, well-written piece!
