

**FSH DECISION LETTER 2014 14**

**DECISION LETTER:** Thank you very much for submitting your manuscript "Intractable" for consideration for publication in *Families, Systems, and Health*. I sincerely appreciate the opportunity to review the manuscript. Thank you for your revisions. The title is fabulous! This poem just gets better and better!

Before we accept the poem for publication, I'd like to suggest one final small revision. The more I looked at the dates (especially 6.14), the more I felt they limited the universal quality of the poem. Why anchor the poem so specifically? I hope you will consider making the suggested (or similar) small adjustments indicated the attached that still keeps you within your word limit but eliminates these reference points

**DECISION LETTER II:** I am pleased to inform you that your work has now been accepted for publication in *Families, Systems, and Health*. Thank you for your patience with this process, I hope you are as pleased with the final result as we are. It is so heartening to learn of happy outcomes.
